PROFESSIONAL SUMMARY

Aspiring Software Engineer with skills in Python, Java, web development, and problem-solving. Experienced in developing software projects and working with databases and analytics. Strong in teamwork, communication, and adapting to new technologies with a passion for continuous learning.

EDUCATION

B.Tech. in Computer Science and Engineering

Kakatiya Institute of Technology and Science for Women, Nizamabad, India

Expected Graduation: May 2026

Percentage: 85%

EXPERIENCE

Advanced Software Engineering Job Simulation

Walmart Global Tech (Forage) — Virtual

Aug 2025

- Worked on software architecture, relational database design, data structures, and data processing tasks.

Data Analytics Job Simulation

Deloitte (Forage) — Virtual

Jan 2026

- Performed data analysis and forensic technology tasks using analytical problem-solving approaches.

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, C
- **Web Technologies:** HTML, CSS, JavaScript
- **Databases:** MySQL, MongoDB
- **Tools & IDEs:** Git, Github, Visual Studio Code, Eclipse, PyCharm

PROJECTS

Grocery Price Comparison System

June 2025

- Developed a Java-based grocery price comparison application using Java Swing and JDBC for MySQL integration.
- Implemented search, sorting, and filtering features; automated processing of 100+ pricing records, reducing report time by 40%.
- Applied Object-Oriented Programming (OOP) principles for scalable and maintainable code.
- Technologies: Java, JDBC, MySQL, SQL, Java Swing, OOP

LGB: Language Model and Graph Neural Network-Driven Social Bot Detection

April 2026

- Developed an AI-powered social bot detection system using Python, Flask, and Machine Learning.
- Implemented tweet analysis using text patterns, hashtags, and mentions for bot detection.
- Built an interactive analytics dashboard for prediction monitoring and visualization.
- Integrated MySQL for user management and prediction tracking.

CERTIFICATIONS

- Full Stack Development – Novi Tech (ISO Certified)
- Advanced Software Engineering Job Simulation -Walmart Global Tech (via Forage)
- Deloitte Data Analytics Job Simulation - Forage
