PROFESSIONAL SUMMARY

Aspiring Software Engineer with a robust foundation in Computer Science and hands-on experience in software development through academic projects. Proficient in Java, Python, and web technologies, with a strong aptitude for problem-solving and strong communication and teamwork skills developed through collaborative academic projects. Quick learner, adaptable to new technologies and environments. Motivated to contribute to dynamic tech teams and eager to continuously learn and grow in the field of software engineering.

EDUCATION

B.Tech. in Computer Science and Engineering

Kakatiya Institute of Technology and Science for Women, Nizamabad, India

Expected Graduation: May 2026

CGPA: 85%

EXPERIENCE

Advanced Software Engineering Job Simulation

August 2025

Walmart Global Tech | Forage — Virtual

- Completed a virtual software engineering simulation focused on data structures, software architecture, relational database design, and data munging.

TECHNICAL SKILLS

- Programming Languages:** Java, Python, C
- Web Technologies:** HTML, CSS, Javascript
- Databases:** MySQL, MongoDB
- Tools & IDEs:** Git, Github, Visual Studio Code, Eclipse, PyCharm

PROJECTS

Grocery Price Comparison System

June 2025

- Developed a Java-based grocery price comparison application using Java Swing and JDBC for MySQL integration.
- Implemented search, sorting, and filtering features; automated processing of 100+ pricing records, reducing report time by 40%.
- Applied Object-Oriented Programming (OOP) principles for scalable and maintainable code.
- Technologies: Java, JDBC, MySQL, SQL, Java Swing, OOP

Portfolio Website

Dec 2025

- Designed and developed a responsive portfolio website.
- Implemented smooth navigation, dark mode, and reusable components.
- Integrated contact form for direct email communication.
- Technologies: HTML, JavaScript, CSS, Vite

CERTIFICATIONS

- Full Stack Development – NoviTech (ISO Certified)
- Advanced Software Engineering Job Simulation -Walmart Global Tech (via Forage)
